	<p>Day #1            TP: Leaders know they are able to learn and grow more when they work together with a group. Watch these videos of how they are working together and talk about how we see synergy happening in the videos.  <a href="https://www.youtube.com/watch?v=w9j3-ghRjBs">https://www.youtube.com/watch?v=w9j3-ghRjBs</a>            Discussion: when do we synergize at school? What things make synergizing go well? What makes it hard?</p> <p>Day #2            Create a chart with students: what should synergy look like, sound like, feel like?</p>	<p>Day #1            TP: Leaders know they are able to learn and grow more when they work together with a group. Listen to this video carefully. Write down as your listening something that is a wow for you or sits with your heart to share out.  <a href="#">LeadershipLessonsFromGeese</a>            Discussion: when do we synergize at school? 	<p>Day #1 and #2: Synergy Art            Students individually color and decorate a puzzle piece. On this puzzle piece they put all of the things that are important to them. On the end of day two. We can connect the puzzle together as a class and talk about even though we are all so different, we are all an important piece to our classroom puzzle. And just like any other puzzle, it just wouldn't look and feel right if we were missing one piece. Synergy means that even though we are all different we have to work together in order to become a masterpiece.            "Individually we can create a piece of art, but together we can create a masterpiece." - Jessica Buchanan</p>
