

Teacher Instructions

This can be used with *Mama, I'll Give you the World* by Roni Shottter when teaching habit 3, Put First Things First, from *Leader in Me*. I included a page of rock templates or you can have students draw their own.

Students will write the things they should be doing first on the rocks. These are the "big rocks." Then, students will fill in activities that should be done after the important things in the space around the rocks. This is the sand.

I hope this product is helpful to you and your students in learning to put first things first!

Sifting out the sand!

Credits

Thank you Sheila Melton for the font.
